

The EV Connect App

The EV Connect App uses location-based services to allow EV drivers to easily find, access, and securely pay for EV charging. We're here for you 24/7/365 to answer any questions you may have directly through the app and over the phone at (866) 816-7584 – day or night.

How It Works

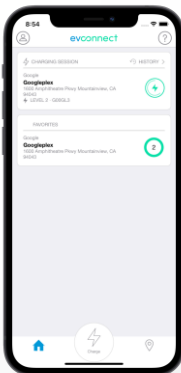

Download the free EV Connect App.

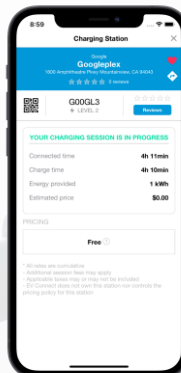

Login or register to create an account.

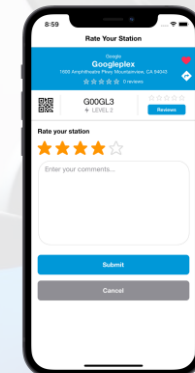

Select "Charge" and scan the QR code

Choose a connector.

Plug in your vehicle and select "Begin Charge"

Once complete, rate your experience.

Download the EV Connect App
